

FORM W-2 INSTRUCTIONS 2019

Tax reporting for Commonwealth Employees

OFFICE OF THE COMPTROLLER OF THE COMMONWEALTH - MACOMPTROLLER.ORG

April 15, 2020 is the due date for both state and federal taxes.

On your W-2, there is an amount shown for state wages, tips, etc. Generally, the amount shown for state wages is higher than the amount for federal wages because your pension contributions are excluded from your income for federal tax purposes.

When filing your Massachusetts income tax return, you must use the amount shown for state wages (Box 16).

This represents taxable and non-taxable earnings you received during calendar year 2019. If you enter the lower dollar amount, your return will be corrected and any refund you may be expecting will be delayed.

For MBTA Employees

Boxes 1 and 16 should match, as MBTA pension contributions are excluded from State and Federal taxable wages.

New Federal W-4 Form

- Has 5 steps. Only Step 1 (Personal Information) and Step 5 (Signing Form) are mandatory
- Eliminates "Allowances"
- Encourages the inclusion of Other Income (Step 2) and Tax Deductions (Steps 3 and 4) for better estimates of tax liability
- IRS Paycheck Checkup Estimator found at: irs.gov/individuals/tax-withholding-estimator

This brochure details Form W-2 for tax year 2019 (26 pay periods).

This represents taxable and non-taxable earnings you received during calendar year 2019.

Due to the timing of actual payroll periods, this amount may be different from your stated annual salary. It also includes non-cash benefits (parking, housing, tangible assets, use of state-provided vehicle, and certain health insurance), if applicable.

You will receive only one Form W-2 for tax year 2019, ending with the pay period December 21, 2019, and payment dated December 27, 2019.

Please contact your department's payroll office if:

- You have a question about your Form W-2

- You need a Form W-2C Statement of Corrected Income and Tax Amounts
You need this form if your name, social security number or any of the federal reported amounts are incorrect.
