## **Types of Payments: Prior Year Payroll Payments**

### **Executive Summary**

Prior year payments are authorized expenses that were incurred in a prior fiscal year but the Department did not recognize that these expenses were incurred or the expenses were recognized after the end of the accounts payable period.

Prior year payroll is a Department's payroll that is to be paid out of the Comptroller's prior year account in the current or prior fiscal year. Department's current fiscal year account is charged back by the Office of the Comptroller in order to support the expenditure.

### **Considerations**

This policy applies to all Commonwealth Branches and Departments.

#### **Examples of Prior Year Payments**

Listed below are examples of prior year payroll payments that are usually errors (failure to act) on the part of the Department, discovered at a later date through an audit or as raised by an employee or supervisor:

- Neglected to award a step increase based on employee's anniversary date;
- Calculated a promotion incorrectly;
- Used the wrong salary chart to calculate an annual pay increase;
- Didn't pay overtime when it was earned;
- Didn't pay vacation cash out to a terminated employee.
